

Dear Family,

Today my class started Chapter 7, **Numbers to 10**. I will learn how to count and make groups to ten. Here is my vocabulary word, an activity to do, and a list of books we can read together.

Love, _____

Key Vocabulary

count

1
one

2
two

3
three

Activity

While in the car challenge your child to find a certain number of an object. For example, have your child find 6 blue cars or 8 trucks. You can also have your child make a prediction about how many of an object they think you will see on your drive. For example, your child might guess that you will see 3 school busses on your way to school.

Books to Read

Counting In the Garden
by Kim Parker

Ten Little Fish
by Audrey Wood

***Fall Is Here!: Counting
1 to 10***
by Pamela Jane and
Steve Haskamp
